## The New York Times

Montauroux, FRANCE — For Ernst Jan Zantingh and his wife, Karin Zantingh-van Os, the prospect of finding a new home was not daunting. In their home country, the Netherlands, he had trained as an architect and she was an interior designer and artist. Then, in 2000, the couple created their own full-service construction and design company: Zantos Interiors & Exteriors. (...)

## DELIVERY OF FURNITURE PENTHOUSE BIOT

Last summer we have furnished and decorated a penthouse in Biot. Both inside and outside is equipped with new furniture. We have installed custom made cabinets for the bedroom, the living room, wardrobe and hallway. We worked out the plan for the outdoor terrace. In this plan is a Jacuzzi, outdoor shower, sundeck, lounge corner and dining area for 12 people. The only way to get to the Jacuzzi is by helicopter!

New inside and outside lighting is installed. Also a camera, alarm, tv and wifi system has been placed.

### BUILDING VILLA DESIGNED BY ZANTOS

Heidelberg, GERMANY - 17<sup>th</sup> February 2013 was the start of building a villa in Germany. It must be finished in April 2014. We made the interior and exterior design. The surface of the villa is 350m<sup>2</sup>. It is a modern Villa with classic details.

Once in six weeks Ernst Jan makes a visit to monitor the progress. Together with the German constructor, the architect and of course the clients themselves.

The clients have asked Ernst Jan for the design and esthetic guidance after they had visited the house of Ernst Jan and Karin in Montauroux. They were very enthusiastic about this own design.

### RESTYLING BERGERIE GRASS

One of our restyle projects was an old bergerie in Grass. The property was for sale and there were not many people interested. We did some paint work and we added some new furniture like fauteuils, beds and lighting. We used many existing furniture, only changed their position in the house. After we had finished we took new pictures. New colors and accessories makes a lot of difference. With a relative small budget we gave the house a makeover and people are more interested now.

When you want to refresh a room in our house by painting, use for the ceiling a more lighter color than for the walls... It will make the ceiling look higher!
