## Karin Zantingh – van Os

The latest work of Karin is called Women#Food#Temptation. Her paintings are characterized by a special and unique appearance and inspired by food and classic beauties like Angelina Jolie, Penelope Cruz, Eva Mendes, Brigitte Bardot, Caterina Murino, Sophia Loren, Raquel Welch, Ursula Andress.

The combination of colours and the size of these paintings, 120x120cm, let them perfectly fit in each interior.

## Art & Décoration

For the magazine **Art & Décoration** Bruno and Pascale Boigontier have made some beautiful photos of our home, interior and exterior, to be published in their 2015 editions.

Bruno also made some pictures from Ernst Jan for his project "de man".

## Project Seillans

We are currently responsible for the complete renovation of an existing villa. Replacing the interior walls, the construction of new floors, the electricity, the bathrooms and the kitchen. There will also be 2 new wings for the master bedroom and a new entrance with a covered terrace. Furthermore there will be a kitchen outside and a new garage.

We had to develop new plans because the plans from a previous architect were not suitable. As a consequence we needed to apply for a changed building permission.

## Project Fayence

The project started with the rebuilding of the kitchen after which we got the order also to reconstruct the empty space below the house. Ernst Jan developed a plan for 2 guestrooms, a bathroom, a toilet, a laundry room and a fitness room.

Zantos will be responsible for the project management and in the meantime has started the work with the contractor . It is expected that the project will be completed in the next weeks. The project includes installing new electra, resolving some moisture problems, construction of walls and the equipment for the bathroom and bedrooms. We expect that by the of January the family will be able to welcome their guests.
